

Re-tuning: HUMAX Freeview Recorders

12 Steps
(Steps 1-5)

This guide can be used to help you re-tune any of the following products with the remote control below:

Digital television recorders: PVR-9200T, PVR-9150T, PVR-9300T

***Make sure your box is on and press 80 for the BBC News channel**

- 1) Press the **Menu** button

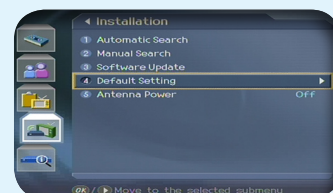

- 2) Use the down arrow button to select **Installation** on the fourth line of the menu and press **OK** button

- 3) Press the **zero** key four times or enter your own passcode if you have changed it and press **OK** button

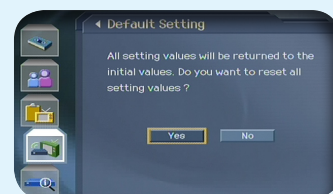

- 4) Select **Default Setting** on the fourth line of the menu and press **OK** button

The message 'All setting values will be returned to the initial values' will appear

- 5) **Don't worry!** Using the arrow buttons select **Yes** and press **OK** button
